

HUCK SF20 HYDRAULIC RIVETER

The compact, lightweight design (5KG) and advanced technology utilised in the Huck hydraulic riveter increases operator flexibility and allows for safe working in tight spaces. In addition, the forward tilt design of this tool in the BobTail series requires less force per fastener, resulting in efficiency and ease of use for users.

Weight : 5 kg

Tensile Capacity : 92kN

Tensile Pressure : 483 bar

Return Pressure : 345 bar

Maximum Operating Temperature : 51,7° C

Power Source : Powerig Hydraulic Unit

Total Height : 215.39mm

Head Length : 166.69 mm

Stroke : 50.80 mm

BobTail rivets are applicable.

Nose assemblies, hydraulic power equipment, hose assembly and nose tips are sold separately.
