

High professional hydraulic/pneumatic blind riveting tool with extraction and multifunction trigger made for heavy industry use.

Quick Interchangeable System

ON series nut riveters are equipped with the newly developed quick interchangeable system designed in respect to an easy exchange of mandrels without using any additional tools directly at the workplace and consequently to a substantial time saving.

Ergonomics and Design

ON series riveters are distinguished from other products by the timeless design of Prof. Pavel Škarka and sophisticated ergonomics, which allows their easy set up and use in demanding condition of series production.

Revolving Air Supply

Enables manipulation with an air supply hose pipe which does not restrain the operator from riveting in any position.

SPECIFICATION

Weight	2.05 Kg
Dimensions	298 x 293 x 127
Pressure Required	5-7 Bar
Traction Power	16Kn
Stroke	25mm

Ø	ALUMINIUM	STEEL	STAINLESS STEEL
